

<https://www.kaggle.com/grassknotted/asl-alphabet/code?datasetId=23079&sortBy=voteCount>

Due By March 14, 2021

Deliverables:

1. Code
2. Video/Presentation
3. Report/Blog - Medium?

Code :

1. CNN
2. Modeling (in order to figure out which model to go with we used SIRI to choose heads or tails):
  - a. Keras
  - b. Fast Ai**
3. Live Demo

Presentation

- Table of contents
- Project goals
  - Prob statement
  - Goals and importance
- FastAI to create Sign Language detection model
  - Discussing how we went about this
- Live Demo

Video

- Intro
- Table of Contents
- Project Goals
  - Prob statement
  - Goals and importance
- FastAI; talk about the code
  - Code accuracy
  - Impact
- Live demo
